

Use this chart to determine likely participant organizations for the Network, and to identify gaps in representation. This chart may be used to analyze or plan Steering or Advisory Committee composition, Needs Assessment participants, and/or Network partners, service providers or external referrals.

Use the list provided in the section Determining Network Partners as a starting point to generate a chart that meets the needs of your own service area. As you invite organizations to the table, note which organizations bring expertise in each area identified in the chart. Where there are gaps, use the knowledge and relationships of other organizations to reach out to additional organizations, or include that outreach in later phases of network development.

Services	Crimes	Communities	Systems	Other Factors
<i>e.g., Civil Legal</i> Legal Aid Society of Hometown, USA	<i>e.g., Domestic Violence</i> Safe Shelter of Home County	<i>e.g., Immigrant</i> Immigration Alliance of Hometown, USA	<i>e.g., Victims Compensation</i> State Victim Compensation Program	<i>e.g., History of Collaboration</i> YWCA of Home County
