Agencies Subcommittee
United States House of Representatives
Washington, DC 20515

September 7, 2023

Dear Chairwoman Murray, Vice Chairwoman Collins, Chairwoman Granger, Ranking Member DeLauro, Chairwoman Shaheen, Ranking Member Moran, Chairman Rogers, and Ranking Member Cartwright:

We, the 1,559 undersigned national, state, tribal and local victim service providers, write to ask Appropriators to take urgent action to prevent catastrophic cuts to Victims of Crime Act (“VOCA”) grants. We greatly appreciate your commitment to sustained funding that this Congress has regularly provided each year in the annual appropriations process, most recently in the final FY23 Commerce, Justice, Science, and Related Agencies (CJS) budget. We are also

grateful that in 2021, you supported the *VOCA Fix to Sustain the Crime Victims Fund Act of 2021* (“VOCA Fix”), an effort to fix the long-term challenge of decreased deposits into the Crime Victims Fund (“CVF”) due to an increasing reliance by the United States Department of Justice (“DOJ”) on deferred and non-prosecution agreements in white collar criminal cases. While this structural change was and still is a critical first step for the long-term health of the CVF, unfortunately it has not generated sufficient funding to resolve the CVF’s historically low balance.

Our programs and the victims we serve are facing what can only be described as a catastrophe. While the CVF allocation of \$1.9 billion that was included in the final FY23 budget essentially level funds VOCA allocations, the proposed \$1.2 billion in President’s FY24 budget and the FY24 House and Senate CJS appropriations bills is a 40% cut, as compared to FY23. States have already begun to implement significant cuts, with some cutting more than 60% in the current year alone. At this proposed funding level, thousands of victim service providers across the nation will be forced to layoff staff, cut programs, and/or shut their doors. The impact will fall hardest on the smallest programs, particularly programs in rural communities, low-income communities, and Communities of Color. Potentially tens of millions of victims nationwide will lose access to lifesaving and life-sustaining child abuse, domestic violence, sexual assault, elder abuse, and other victim services. Without access to these critical services, the real-time impact will not only be felt by individuals and families, but also in communities nationwide. It is important to note that, after being kept in isolation due to the pandemic, many survivors are just now coming forward seeking services, and losing access now will further set back their healing.

Victim service providers across the country have worked diligently with private donors and with state and local lawmakers to secure funds to address increased need and to provide a buffer if VOCA grants are cut by 40%, as anticipated based on the House and Senate CJS Appropriations bills and the President’s budget. However, even programs that have been successful in securing state, local, and/or private funding to protect against VOCA decreases simply cannot absorb cuts of this magnitude.

Given the dire potential consequences, on behalf of the victims and survivors we all serve, we ask that you invest adequate funding for VOCA in the final FY24 Appropriations budget without cutting other critical DOJ grant programs that provide vital victim services and protect public safety.

We hope that in the coming days, we will have the opportunity to meet with your staff to discuss this issue further. For more information, contact Denise Edwards (dedwards@nca-online.org), Terri Poore (terri@endsexualviolence.org), or Monica McLaughlin (mmclaughlin@nnev.org).
